

9. Grant Application

A grant application was received from Parton Reunited for £190 to fund a Christmas tree and lights.

Subsequently an email was received to notify us of a change of use for the money;

“There has been a slight change of use for the monies applied for, namely to provide refreshments for residents and a selection box for each of the children in the village, rather than to pay for the tree.”

A breakdown of the new budget was requested to give council the opportunity to consider if they wished to a) provide some of the items requested rather than to make a cash grant, b) contribute in part, c) contribute in full or d) not contribute.

The breakdown given is in the accompanying document 9b Grant Application Amendment.
