

Change of Bank Provider

HSBC charge us around £12 per month on average.

Unity Trust Bank are now accepting new customers again. They are the preferred bank in the Council Sector. They are an online bank, so when payments are approved at meetings, the Clerk enters them online and then 2 councillors will log on and authorise them.

Their charge is £6 per month, so cheaper than HSBC, but also there will be a saving of postage as there will be no cheques to post.

Are the Council happy that the Clerk transfers to this bank with the new mandate that was agreed in May (minute 385/23/24).
